About Me!

My name's Rebecca and I'm standing to be one of YL's Federal Council Rep. I'm the current Non-Portfolio Officer of YL. Outside of YL I sit on the Lib Dem Women Exec and was the parliament candidate for Hackney North & Stoke Newington. I regularly meet with the equalities team to speak to them about how the Lib Dems can advance the cause for Trans rights in the Lib Dems.

What do I want to do?

I want to make sure any board decisions are taken with due consideration for young people and minority groups. Especially given the recent issues surrounding Trans rights, it has never been more important for young trans people to have a voice. I want to be that voice. I'm an experienced member of the Lib Dems and believe I would be a fantastic voice of scrutiny in the Federal Exec.
