

PT: Postcard styled with a photo of OJL as the franked stamp and a location stamp reading "OJL for international committee" "Young liberals/ voting 16-23 OCT"

On the left of the divider it reads:

International areas of interest

Public health

Professional experience working with global health businesses and charities

Climate change and biodiversity

Worked with a former international officer of YL on LYMEC Carbon Pricing Policy

International Peace and Security

Supporter of NATO, our allies and the rules based international order under threat from enemies of democracy

Hispanohablante

Fluent reader of Spanish policy texts, former roommate of Peruvian political analyst, educated on Latin American issues

On the right side of the divider it reads:

Proposals

Work with partners at IFLRY and LYMEC on international environmental policy, preventative health and threats to global peace from Iran, Russia and China

Fundraise to make YL international self sufficient in the long term, setting a standard for FIRC to follow and expanding access

Seek the return of campaigning exchanges and lesson learning exercises so the value of international does not feel so abstract to the membership

Underneath it is signed in (digital) blue pen O Jones-Lyons
