About Bex

Bex is the current Young Liberals Disabled Rep. She has worked to increase accessibility at conference and on comms. Outside of YL she advocates for diversity in sailing.

What Bex will do

Bex will focus on Diversity committee to ensure it can meet regularly and is valued for the important work it does. She will also work to change the culture in YL to be more accessible

What we'll both do

We'll work with our committee to create accessibility and diversity guides for officers to ensure that we remain consistently accessible even during handovers

We'll push to increase accessibility for first timers at conference with first timer only events, socials and training

We'll work with the campaigns team to ensure every action day is inclusive and includes clerical work so everyone can help get more Lib Dems elected

We'll work to increase inclusivity for neurodivergent people to ensure everyone has a great time in YL
