Experienced in YL

A strong voice for YL

Supporting YL Councillors

I'm a District Councillor, former Vice Chair of YL, and Energy Engineer. I've been involved in YL for nearly 4 years, holding a huge number of roles within YL and the wider party.

As an Honorary Vice-President of YL, I'd be a champion for YL in the wider party, and for YLers in Local Government. I'd be a critical friend to the Exec, helping YL be as effective as it can - inside and outside the party.

Want a HVP that can help YL win in the real world? Vote Nathan #1 for HVP.
