Reasons to vote for me:

- Recently joined a policy working group with LYMEC for the Cost of Living crisis on behalf of the Young Liberals.
- I am the Under-18's representative; I can provide a unique perspective with our international partners with policy working groups.
- I am the Secretary General at our schools next international Model United Nations conference.
- My attention to detail in policy writing, highlighted by being chosen "Policy Wonk" at the last YL conference.
