## RUNNING FOR INTERNATIONAL COMMITTEE

### PREVIOUS EXPERIENCE:

- *I have had previous experience including:*
- *Member of Local Youth Council: Northumberland Youth Cabinet 2024-2026, 1st place in the voting.*
- *Campaigning for Causes such as Free GCSES for Home Education, Voting for Home Educated Children in Youth Elections etc, this has made me understand how to run campaigns.*
- *I do Multiple Volunteering Roles in the Community, such as Libraries etc, putting community at the heart of what I do, and listening to what they need firsthand.*

### WHAT WOULD I DO?

*I have a real passion for Politics & Public Service, I will tirelessly help champion our goals, here are some of my ideas to help this:*

- ***PROMOTE YOUNG LIBERALS POLICY ACROSS INTERNATIONAL ORGANISATIONS***

*I would consistently champion Young Liberal Democrats policy (with the Committee and officer) across all relevant organisations abroad, making sure our voices are heard on international affairs.*

- ***WHAT DO YOUNG PEOPLE THINK?*** *I was elected to positions on Promises of Enabling young people to campaign for causes they believed in once again, I would do no different on the International Committee, Making sure young people's view on international affairs are actively listened to.*

- ***A NEW FOCUS ON INTERNATIONAL AFFAIRS,*** *International Affairs are important, I hope to be able to be able to make the wider public see again that International Affairs are fundamentally Important and that we need more conversations on the topic.*
